

BACHELOR IN PARADISE

# BURNING QUESTIONS!

Who's coupled up for the season? Who will fizzle? *Us* tells all about the ABC dating show **BY JAMIE BLYNN**

**K**ee those frozen drinks coming! *The Bachelor* and *Bachelorette*'s most intriguing alums have washed ashore in Sayulita, Mexico, for *Bachelor in Paradise* (ABC, Sundays and Mondays, 8 P.M.). *Us* checks in to dig up all the brawls, makeouts and backstabbing.

**Are Jade and Tanner the new Lacy and Marcus?**

In the August 2 premiere, last summer's lovebirds Marcus Grodd and Lacy Faddoul said "I do" — and just like the newlyweds, Jade Roper, 28, from Chris Soules' season and Kaitlyn Bristowe reject Tanner Tolbert, 28, were together from the get-go. "They never wavered," reveals a source. "They had a great relationship

all the way through." And beyond, adds the source: "They're still together and seeing if they have long-term potential."

**Who's the big villain?**

Fresh off Bristowe's season, Joe Bailey, 29, has a sexy waterfall date with Soules castoff Juelia Kinney, 31, on the August 9 episode. She's smitten — but the Kentucky native "has a different agenda," says a source. "He's hoping to meet a different woman." Adds a production insider: "Joe ends up being a total scumbag."

**Is Jillian second-guessing her boob job?** Bootylicious Jillian Anderson, another Soules

BAILEY

Crawley (with Tenerelli) tells *Us* she's "a woman who is self-assured and knows what she is looking for."

Implants made Anderson "a bigger, better Jillian."

Roper said she felt "instant chemistry" with Tolbert.

Iaconetti first cried in episode 1.

Molzahn planted a kiss on Lane Aug. 3 — and he gave her a rose!

castoff, couldn't wait to show off her new D-cups. Though the 26-year-old only stayed afloat for a week in *Paradise*, she tells *Us*, "I have zero regrets in my surgery." That confidence must be appealing. According to the source, while in Chicago July 30, she and *Paradise* pal J.J. Lane (from Bristowe's season) "were making out all over!"

**Will Ashley I. finally get it together?**

Ashley Iaconetti definitely overpacked: Soules' ex brought sister Lauren, 24, and a tidal wave of emotion. The 27-year-old virgin breaks down over everything from "old ladies" Clare Crawley, 33, and Tenley Molzahn, 31, pursuing her guy to her woeful lack of game. "When I like someone a lot, I will think about what I say too much before I say it," she tells *Us* of her attempt

to chat up Jared Haibon, 26 (from Bristowe's season). While the insider says Ashley "has an immature personality," her sister may be a contributing factor. "Lauren is her security blanket." But little sis doesn't stick around long. She soon returns home solo.

**What does Hurricane Clare bring?**

Where there's Crawley, there's drama. (Refresh-er: She and AshLee Frazier fought last season over Juan Pablo Galavis gossip.) And though she reluctantly dated Desiree Siegfried suitor Mikey Tenerelli in the August 3 episode, "she blows him off," says the production insider. "And then the guys she's into aren't into her." The result: an August 10 "right reasons" rant

accusing her housemates of strategizing to win, says the insider. "Jade says it's a crock of s--t. But Clare is very intense and emotional."

**Will Tenley remain the odd girl out?**

"She came to kick off a new chapter," a Molzahn pal says of the dance instructor. During filming, her ex, Bachelor Nation's Kiptyn Locke, was expecting a baby with girlfriend Samm Murphy. (Born July 16, Locke's son is "the most amazing gift of my life," Dad tells *Us*.) A runner-up with Jake Pavelka, Molzahn was a slow starter. "She became busy at making sure other people were having connections," the pal says. She winds up with three suitors! **US**

## SHAWN'S ON-SET SECRETS

**C**learly *The Bachelorette*'s Shawn Booth knows how to do a biceps curl. But behind the scenes, the personal trainer, 28 — engaged to Kaitlyn Bristowe, 30 — was in touch with his softer side.

**A FLAWLESS FACE** Booth's hotness had a little help. "Shawn had Kaitlyn's makeup person do contouring on him," reveals a show source, who adds that a pimple sent the suitor running to the dermatologist for a cortisone shot.

**HISS BIGGEST FEAR** "He saw a snake out back and ran off screaming," says the insider. Housemate Clint Arlis seized the opportunity for mischief. "He picked it up and put it in Shawn's face, which scared the hell out of him."

Bristowe piggybacked on Booth July 28 in NYC.
